Making an Impact in our Community

Spring Semester "Bite of Reality" Events

This spring semester, Colorado Credit Union staff hosted two Bite of Reality events at Columbine and Dakota Ridge High Schools. We helped more than 100 local high school students take a Bite of Reality as they discovered to budget, build credit, and create a positive relationship with money. The Bite of Reality event provides a real-world simulation experience where students take on financial responsibility and focus on distinguishing between their needs and wants. After the event, 96% of students indicated they will follow a monthly budget to manage their finances. This program was made possible through a grant from GoWest Foundation.

Gardening at Boys & Girls Shopneck Club

Colorado Credit Union staff volunteered at The Boys & Girls Shopneck Club's Gardening Volunteer Day, where Brighton area community partners came together and worked alongside Club kids to get their gardens ready for planting crops this summer. Club kids will plant herbs, plants, and vegetables that can then be used in cooking classes later this year.

Boys & Girls Clubs of Metro Denver 2024 Gala

Members of Colorado Credit Union's Leadership Team had the privilege of attending the Boys & Girls Clubs of Metro Denver's Annual Gala event this spring. It was truly an inspiring evening showcasing the incredible accomplishments of Club kids and the invaluable impact this organization has on our community.
